

Compensation Plan

We operate a simple, easy to understand unilevel compensation plan paying commissions through 7 levels. When you personally refer a customer to the product, or another Independent Business Owner (IBO) to the business opportunity, they will be in your team on your level 1. There is no limit to the number of customers or IBO's that you can refer or commissions you can earn.

To be eligible to earn commissions from our compensation plan you must...

1. Become a promoter by purchasing an 'IBO Licence' for £40 (annually)
2. Generate at least 80 points in sales volume (monthly)

Sales Volume

Sales points are generated when customers purchase any products via your custom link through the Ublo Club website, and on products purchased for your personal use.

Commissions

You will earn the following commissions from our compensation plan:

Level 1:	25% commission on your customers first order, then 5% on all future sales
Level 2:	5%
Level 3:	5%
Level 4:	5%
Level 5:	5%
Level 6:	5%
Level 7:	5%

* Commissions are only earned on the sale of Ublo products, no commissions are earned from introducing others to the business opportunity or from any IBO Licence fees.

Rank Advancements

You can rank advance and earn Team Development Bonuses by helping others in your team to achieve success. Once you achieve a rank you will retain that rank for life. Ranks have no bearing on qualification for earnings or on the amount of commission you will be paid on product sales but may help your eligibility for future incentives.
